

## Tucson 6 Metre Head Circulation Pump

### Description:

The energy efficient Tucson Circulating Pumps range, which are ErP compliant, include 5, 6 and 8 Meter Head models with a 6 Meter Head bronze body also available. These models provide a modulating pump feature with an easy, quick connect/disconnect electrical terminal for ease of installation. The pumps incorporate a user-friendly control panel and are suitable for domestic & light commercial applications.

### Features:

- Compact Design
- Energy Efficient
- Robust Construction
- 230Vac, 50Hz
- User Friendly Controls
- CE Approved

### Technical Details:

Pump Housing Material:	Cast Iron
Colour:	Black / Gold
EI (Energy Efficiency Index):	≤ 0.23
Speed Settings:	1, 2, 3 & Auto
Ambient Temperature Range:	5 - 40°C
Fluid Temperature Range:	5 - 95°C
Working Pressure Range:	0.05 – 10 Bar
Voltage:	230Vac, 50Hz
IP Rating:	IP 44
Pump Weight:	2.35 kg
Approvals:	CE Approved,
